1-in-5 women and 1-in-71 men report being raped in their lifetime. For more than a decade, Center for Safety & Change's Sexual Assault Forensic Examiner (SAFE) program has set the standard for sexual assault services in Rockland County. Through our collaboration with both Good Samaritan and Nyack Hospitals, the Center's SAFE program provides highly trained medical professionals who offer confidential, compassionate non-judgmental care and forensic examination to any victim of sexual assault in each Hospital's Emergency Department. SAFE medical professionals provide medical services to survivors, document injuries, and collect evidence. In addition, the Center's advocates and volunteer rape crisis counselors provide emotional support in a time of crisis. In 2017, SAFE Medical Professionals performed 53 rape exams at both area hospitals collectively. Our 2nd Annual Spin-It-Teal event will educate and empower everyone to start the conversation about sexual assault, and give everyone the opportunity to wear teal, launching Sexual Assault Awareness Month in April. For more information about our sexual assault services, please call our 24 hour confidential hotline and speak to a live person at (845) 634-3344.
